

AYNAZ ANNI CYRUS

Follower of Christ. Ex-Muslim. Investigative Journalist. Constitutionalist. National Security Analyst.

Speaker Bio

Aynaz Anni Cyrus is a survivor of the Iranian Islamic regime, a former child bride, and one of America's most fearless voices exposing the threat of Sharia. She escaped Islam, found freedom—and salvation—in Jesus Christ, and now dedicates her life to defending truth, liberty, and the U.S. Constitution.

Her work draws from firsthand experience under Sharia, deep investigative research, and over a decade of national advocacy. Anni is the founder of [Live Up To Freedom](#), and her writing is regularly featured on FrontPage Magazine and her widely read [Substack](#). She speaks with conviction, clarity, and biblical authority—and her warning to America isn't theoretical. It's lived.

Keynote Topics

1. The Constitution vs. Sharia: One Must Fall

Why These Two Legal Systems Cannot Coexist in a Free Republic

A direct, fact-based confrontation between Sharia and the U.S. Constitution. This powerful keynote reveals irreconcilable conflicts—from religious freedom and women's rights to criminal law and political allegiance. Using Islamic texts and American legal principles, Anni explains why "coexistence" is a myth—and why silence is surrender.

2. The Legal Jihad: How They're Using Our Laws to Destroy Our Liberty

From Courtroom to Classroom—Sharia Is Already Here

Sharia doesn't need bombs to conquer. It infiltrates with lawsuits, tax status, and "civil rights" campaigns. This talk breaks down how Islamist networks are exploiting our legal system to normalize Sharia norms through religious arbitration, halal enforcement, school policies, and more. This is lawfare—and it's winning.

3. Dismantling CAIR: The Jihad Lobby in a Suit

Built by Hamas. Funded by Enemies. Protected by Ignorance.

CAIR claims to defend civil rights. In reality, it's an ideological front with deep ties to Hamas and foreign funding. In this exposé, Anni reveals CAIR's internal memos, court-documented strategy, political influence, and manipulation of media and schools. This is America's most dangerous "civil rights" organization—exposed.

WHY BOOKING AYNAZ MATTERS—NOW

We are running out of time.

The Islamization of America is no longer a distant threat—it's here. From government resolutions lifted directly from CAIR, to public schools pushing Sharia-based accommodations, to political candidates openly backed by foreign-tied Islamist groups, the signs are everywhere. But few are willing to say it.

Aynaz Anni Cyrus is not one of them.

She speaks with the authority of lived experience and the moral clarity of a woman who has survived what many Americans can't imagine. She understands the ideological war being waged in our courtrooms, classrooms, and churches—and she has the courage to name it.

Your audience will leave informed, equipped, and warned. This is not another motivational talk. This is a call to action before it's too late.
